January News 2020

Principal's Message

It was great to have everyone back at our school Monday, January 6th. We all had a chance to share our wonderful memories from the holiday season.

For the first few weeks of January, we will be focusing our math instruction on Probability. Students in grades 1-2 will then focus on quantity relationships involving specifically addition and subtraction. Students in grades 3 – 8 will also be focusing on quantity relationships but with a specific focus on fractions and proportional relationships.

It is my pleasure to welcome Kaitlyn Maurice to our school to support student learning. Mrs. Maurice is completing the requirements for her College programming over the course of the next eight weeks. We are all looking forward to having her as part of our learning community.

Please feel free to contact me if you have any questions about your child's learning.

Sincerely,
Deb Wines
